3.	The Trust Vision	<p>Sharing the Trust vision and what this will look like.</p> <ul style="list-style-type: none"> • 21st century skills- Our children will need these skills for their future- problem solving, IT skills, collaboration, innovation and self-regulation. • Students voice- children to have their say/ views/ choices etc. • Early years- enabling the environment promoting children's independence. • Year R and 1 -Our children's interests- continuous provisions -certain activities to be made available at all times. • Technology- To enhance learning. • In bedded technology- Our children are currently using ipads for Maths and Science. • Key purposes- social justice, building character, curious, investigate, more school trips, practical's for children. • Flexible seating options (smart spots)- how children are more comfortable learning ie at a desk, sitting on a beanbag, cushion with a tray etc. • The visions journey will not happen instantly but over the next 3 years across the Trust.

4.	Parents' views on the Trust vision	<ul style="list-style-type: none">• I like the idea of the children using ipads for their learning as most children engage in technology activities.• As long as children are still given the opportunities to read books and use writing equipment.• If children like what they are doing then they will learn.• All the changes sound really positive.
